2025/2026 CATALOG

CRAFTING COMFORT, DEFINING STYLE

At Solstice Comfort Solutions, we were founded on a shared vision to elevate outdoor living through thoughtful design, quality craftsmanship, and lasting comfort.

The name “Solstice” reflects the beauty of seasonal transitions, while “Comfort Solutions” represents our dedication to creating inviting, functional, and enduring spaces for relaxation and connection.

Our collection features premium marine grade and recycled poly furniture built for both style and longevity, complemented by commercial-quality umbrellas that combine exceptional strength with refined design. We also offer industry-leading outdoor heating and cooling systems, ensuring your space remains comfortable and enjoyable in every season.

With Solstice Comfort Solutions, transform your outdoor spaces into true all-season retreats where comfort and luxury meet.

RECYCLED POLY vs. MARINE-GRADE POLY FURNITURE

Both our marine-grade and recycled poly furniture lines offer high-quality, durable and low-maintenance solutions for outdoor living.

Recycled poly furniture is made from sustainable and durable recycled material, perfect for long-lasting outdoor furniture.

Marine-grade poly is a premium, high-performance material designed to withstand sun, moisture, and salt exposure in coastal and marine environments.

FURNITURE MAINTENANCE

MARINE-GRADE

To care for your Marine-Grade Furniture, simply clean it regularly with soap and water. Avoid using harsh chemicals to clean your furniture.

Routine Cleaning

What You'll Need:

- Mild soap
- Water
- Soft cloth, non-abrasive sponge, or soft-bristle brush
- Garden hose with fresh water

Steps:

- Mix a few drops of mild dish soap with warm water in a bucket.
- Dip your sponge or brush into the soapy water and gently scrub the surface.
- Pay attention to crevices or joints where dirt or salt might accumulate.
- Rinse thoroughly with clean, fresh water.
- Wipe dry with a soft cloth or allow to air dry in a shaded area.

RECYCLED POLY

Poly lumber products do not need to be painted due to being built with recycled plastics and pigmented colors. It will not splinter or rot, fading may happen very slightly over years.

Routine Cleaning

Pencil Marks: Use a mild dish detergent and water to saturate the stain. Rinse clean with water.

Ink/Marker: Treat area with a penetrating oil. Wipe off and wash clean with water and a mild dish detergent.

Grease or Oil Stain: Use a mild dish detergent and water to saturate the stain. Rinse clean with water.

Embedded Dirt: Use a mild dish detergent and water to saturate the stain. Rinse clean with water.

Wine: Use a mild dish detergent to saturate the area. Scrub with a soft-bristled brush. Rinse clean with water.

Chewing Gum: Use a mild dish detergent to saturate the area. Scrub with a soft-bristled brush and rinse clean with water. Coat penetrating oil over the area. Gently pry any hard pieces with a plastic putty knife. Use a soft brush and acetone solvent to remove any fine debris and clean out any crevasses. Rinse area clean with water.

Bird Droppings: Use a mild dish soap to saturate the area. Scrub with a soft brush and rinse clean with water.

Stains & Scuffs: A foam eraser sponge may be used for stubborn marks.

Iron or Rust: Saturate with a heavy-duty rust remover and scrub with a soft-bristled brush.

When Using Power Washer: If using a high-pressure power washer, do not exceed 1500 PSI.

Please note, some tips may damage the product. We suggest testing on the underside of the product until satisfied.
